representatives from sending out campaign appeals at government expense. He read a letter from Ashurst to a constituent reciting his record as a basis for support and said he understood that 7000 of these had been franked out, in violation of the privilege. "If the senator charges that this is a violation of the law," said Senator Ashurst, when he got the floor, "he has sweetbreads for brains."

He explained that his letter had been submitted and approved by the postmaster general and one of his assistants as being matter which could be franked and told how former President Taft, when in the Philippines, and Secy. of War Root exchanged cablegrams at 52 cents a word paid by the government to discuss Mr. Taft's health and a horseback ride. Calling Senator Curtis the "Pharisee from Kansas," he strode back across the center aisle and shook his finger under Senator Curtis' nose. Senator Smoot, seated just between the two, moved back in mock alarm as Senator Ashurst approached. Senator Curtis smiled but kept his seat. A little later Mr. Ashurst turned on Senator Penrose, who said he had noticed a "copper lobby" around the capitol whose members had been talking with the Arizona senator. "If," said Mr. Ashurst, "the senator means to say that my vote has been influenced by a copper lobby or any other lobby, he lies."

AMUSEMENTS

BUTLER THEATER Tonight, a most beautiful picture will be shown at the Butler, a picture that will delight all the children as well as the grown-ups. It is entitled "Little Mary Sunshine," and features Baby Marie Osborne, the youngest leading lady in the world, supported by Henry King, Marguerite Nichols and Andrew Arbuckle, to say nothing about the bear. It is so seldom that, in these days of big features, a nice children's picture can be obtained that it will be quite a treat to all—something different—something out of the ordinary. That is what we are all looking for, so all the kiddies who can find it possible are urged to be on hand. Special attention is also called to the Pathe News which will be shown tonight, as it contains pictures of the \$50,000,000 ammunition explosion which shook New York and caused destruction of piers, warehouses and ships in Jersey City, "Slim Murphy," the desert whittler, who appeared last evening, will put on a few numbers.

Owing to the failure of goods to arrive the opening at Miss Urquhart's store set for today had to be postponed until tomorrow, when a beautiful line of millinery will be placed on exhibition. Adv. S7-1t
